

DRIVEN BY DATA. INSPIRED BY OUTCOMES.

Tessellate helps clients improve risk score accuracy, reduce RADV audit risk and increase Star ratings through its suite of provider-centric, non-abrasive solutions.

Whether you're new to Medicare Advantage or simply looking to make a few improvements, we'll work together to achieve your goals.

PROVIDER ENGAGEMENT COORDINATION

In-person delivery of Clinical Documentation Improvement Alerts, in-depth medical record reviews, and emphasis on provider education improves risk adjustment and Star ratings.

REMOTE CDI PROGRAM

Clinical Documentation Improvement Alerts are shared with physicians to help them provide quality care and accurately document conditions.

STAR DATA ABSTRACTION

Data is captured through medical record review and reflected in supporting processes and reports to close Star measure gaps.

COMPREHENSIVE QUALITY

Create and execute strategy and provide detail reporting to increase Medicare Star ratings and HEDIS scores.

COMPREHENSIVE RISK ADJUSTMENT

Fully integrated approach enables improvements in Medicare risk score accuracy and revenue integrity

IN-HOME ASSESSMENTS

Licensed practitioners perform prospective health assessments in members' homes.

RETROSPECTIVE RETRIEVAL & REVIEW

Certified coders review entire medical record for each member to capture risk-adjusting conditions that were not previously reported to CMS.

PROSPECTIVE & RETROSPECTIVE GAP IDENTIFICATION

Data-driven algorithms identify historical and potential conditions.

RADV SUPPORT

Medical record retrieval and review services support a national or targeted RADV audit, including a ranking of best records for submission.

RAPS & EDPS SUBMISSIONS

Complete with a tool for reconciliation and error correction, claims and supplemental data are submitted to CMS in compliant RAPS and EDPS files.

TECHNOLOGY PLATFORM

Robust online reporting and dashboards analyze risk adjustment gaps and financials at the population, provider and member levels.

BUSINESS INTELLIGENCE FOR RISK ADJUSTMENT

Allows clients to perform self-service reporting and analytics.

WHY TESSELLATE?

Tessellate's risk adjustment and quality programs work together to improve revenue integrity and lower administrative costs. Our proven solutions are designed to be provider-centric, non-abrasive and implemented quickly, delivering maximum value to health plans and providers.
